

AARYA ANKUR PARIKH

IU1941230095 CS-B

MINI-PROJECT:- Attendance Recorder

USER MANUAL

HOME:-

Creates a file with a class name

Appends a new entry with today's date to the selected class file

Displays the records of total attendance entered till date

INSIDE CREATE A NEW CLASS:-

On clicking create a new file will be generated and a success message is displayed if created.

New File is added to the particular folder and attendance is recorded date-wise

 Attendance_Recorder	04-10-2021 03:23	Python File	4 KB
 CS-B	14-10-2021 03:12	Text Document	0 KB

INSIDE ADD TO EXISTING CLASS:-

- A list of all the classes created will be displayed
- Select a particular class in which attendance needs to be added.
- Copy the chat with attendance from google meet chatbox
- Paste it in the text box
- Click Record

Currently Entered String:-

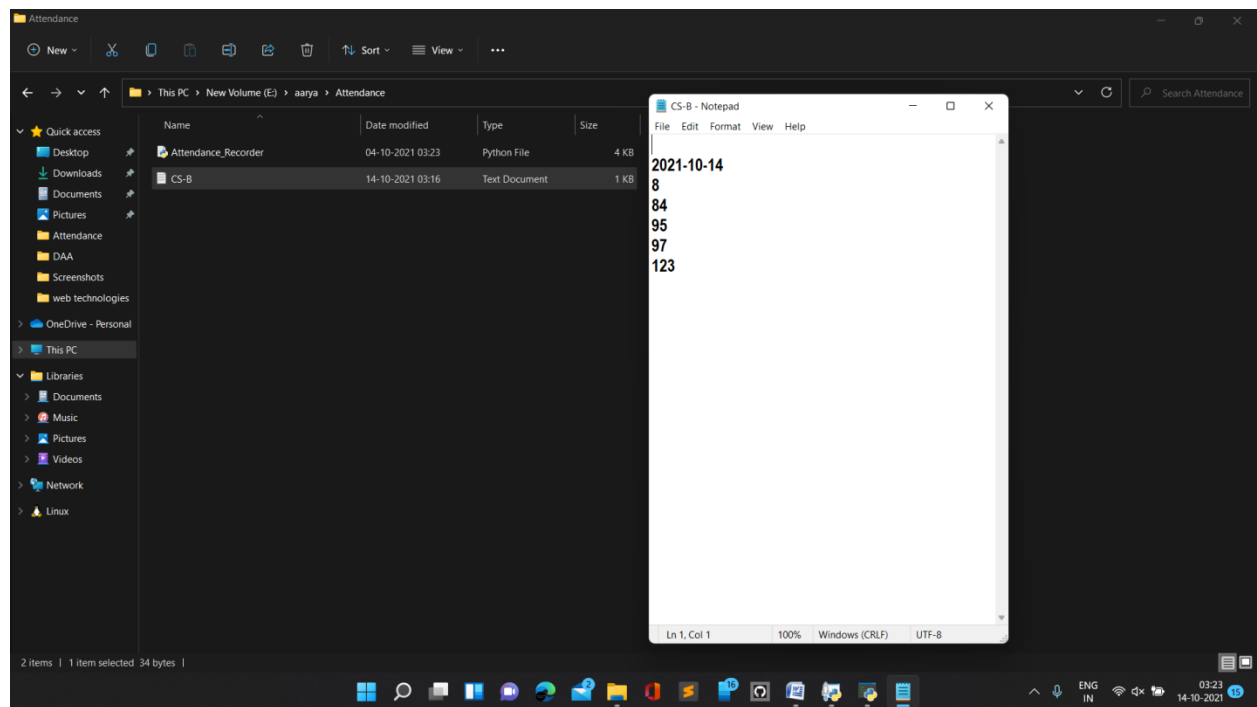

IU19412300**95**_AARYA_ANKUR_PARIKH 19:43

IU19412300**84 97 8 123** 2021/10/14

Thus the attendance roll numbers from the string are:-

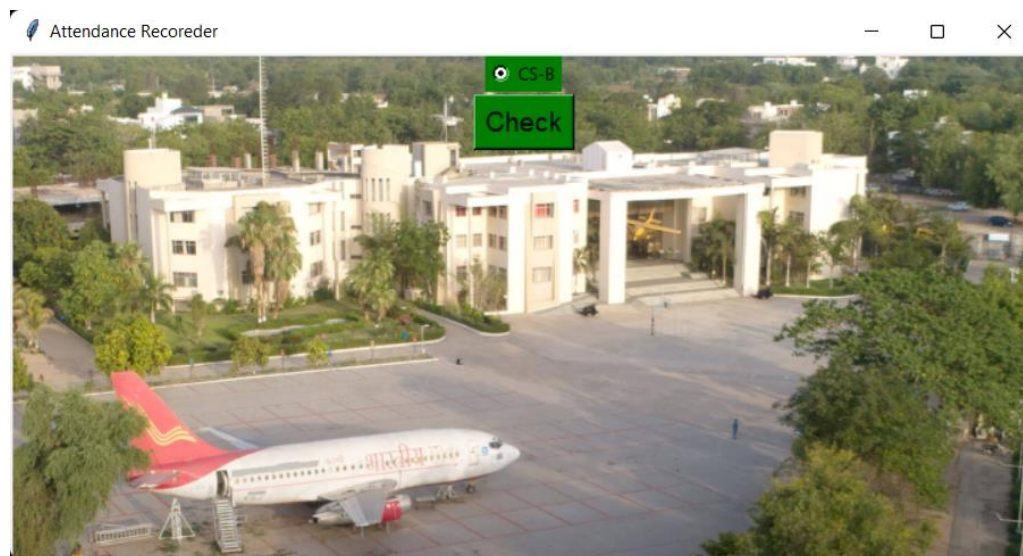

8,84,95,97,123

Which is added to the class CS-B with Current date.

INSIDE CHECK ATTENDANCE:-

- A list of all classes will be displayed
- Select a class to check attendance of
- Click Check

The Total Attendance till today's date will be displayed in a sorted manner .
